NAME: _____

ADDRESS: _____

CITY: _____ STATE: _____ ZIP: _____

PURCHASE PRICE: \$ _____ DATE: _____

To receive your rebate all you need to do is:

- 1. Have your Aquoral™ prescription filled.
2. Print your name, full address, and how much you paid for your Aquoral™ 1.4 oz bottle above.
3. Print your doctor's name on the back of this coupon in the space provided.
4. Detach this coupon and mail, along with a copy of your pharmacy receipt (not cash register receipt) for Aquoral™, with the product name and purchase price circled, to:

Bi-Coastal Pharmaceutical Corp.®
130 Maple Avenue, Suite 5
Red Bank, New Jersey 07701

Legal Notice: 1. You may receive this rebate if you paid for your entire prescription OR you paid for a portion of your prescription not covered by insurance. You may not receive this rebate if you receive drug benefits from Medicaid, a Medicare drug benefit plan, or other state or federal programs (includes state medical assistance programs and/or pharmaceutical patient assistance programs). Additionally, you may not receive this rebate if your private insurance, HMO, or other health or pharmacy benefit program paid for your entire prescription. 2. Void in Massachusetts, and any state where rebates are prohibited by law, taxed, or otherwise restricted. 3. You may not combine this offer with any other rebate, coupon, free trial, or similar offer. Auriga Laboratories has the right to rescind, revoke, or amend this offer without notice.

IMPORTANT SAFETY INFORMATION

Aquoral™ is contraindicated for any patient with a known history of hypersensitivity to any of its ingredients. Please see full prescribing information below:

PROTECTIVE ORAL SPRAY

Rx Only

INGREDIENTS: Oxidized glycerol triesters (TGO), silicon dioxide, aspartame, and artificial flavoring.

ACTIONS: Aquoral™ is a lipid-based solution resembling human saliva designed to moisten and lubricate the oral cavity, including the oral mucosa of the mouth, tongue and throat, by forming a protective barrier that limits loss of water and restores the viscoelasticity of the oral mucosa. Aquoral™ also provides protective action against further inflammation of the oral mucosa. Xerostomia (dry mouth) has a negative impact on oral cavity and quality of life; consequently, management of dry mouth is primarily based on relief of symptoms.

INDICATIONS: Aquoral™ is intended to provide relief from chronic and temporary xerostomia (dry mouth), which may be a result of disease such as Sjögren's Syndrome, oral inflammation, mouth cancer, radiation therapy, stress or aging. Aquoral™ relieves symptoms of dry mouth such as difficulties in swallowing, speech, and changes in taste.

CONTRAINDICATIONS: Aquoral™ is contraindicated for any patient with a known history of hypersensitivity to any of its ingredients.

PHENYLKETONURICS: Contains Phenylalanine

PRECAUTIONS: Read package insert carefully before using this spray. Avoid contact with eyes. Flush eyes with water if accidental introduction into eyes should occur.

INTERACTIONS: There are no known interactions with medicinal or other products.

DIRECTIONS FOR USE: Shake gently. One dose (2 sprays) into the mouth 3 to 4 times a day. Spread product onto inflamed and/or dry areas of the mouth with the tongue. Pump may require 2 pumps per spray.

HOW SUPPLIED: Aluminum canister with 0.1 mL spray pump containing 40 mL (net content) of solution which corresponds to 400 sprays of Aquoral™ (NHRIC 8546.0001.40). This medical device is intended to meet the requirements of the Directive 93/42/EEC.

KEEP OUT OF REACH OF CHILDREN.
